FOR THE PATIENT

- Provide patient with adhesives and transmitter box with User Guide and charging cradle
- Provide patient with DMS Pro Clinic ID number; Go to uspro.eversensedms.com to sign up or log in
- Get started with online patient education
www.ascensiadiabetes.com/eversense/support/onboarding-videos/

EVERSENSE E3 IS IN ACTION!

- Implement follow-up plan/next office appointment
- Schedule 180 day replacement appointment
- Reorder Eversense E3 Sensor Kit for patient 1 month prior to patient appointment through the Eversense Patient Portal. If one year after initial insertion, order Starter Kit since transmitter needs to be replaced yearly.

NOTE: Reorders will be shipped from distributor via patient order unless patient has Medicare or Commercial Global Payment coverage, then office needs to place a reorder.

* There is no glucose data generated when the transmitter is removed.
